

TYPEEDIT, exhibited at **FEIRA INTERNACIONAL DA MECÂNICA, Brazil.**

The International Machinery and Industrial Supplies Trade Fair is a great showcase of machinery, equipment and accessories, with solutions to industrial facilities in the areas of production, maintenance, transportation, storage, quality control and automation. It is considered as the largest fair of machinery in Latin America.

In the 2008 edition, from the 13th to the 17th of May, the show received 1 900 exhibiting companies from 35 countries, and 114 000 visitors and buyers from 40 countries.

The 27th edition took place at the “Pavilhão de Exposições do Anhembi”. This modern trade fair and convention centre of 100 000 square meters is endowed with all the necessary infrastructure needed to guarantee the success of the 27th **FEIRA INTERNACIONAL DA MECÂNICA**, in Sao Paolo, Brazil.

That is why our local partner, FESMO held a booth during the trade fair as a distributor of engraving and CAD/CAM solutions in general and Type3 software in particular.

Founded in March 1968, 40 years ago, FESMO provides tools, CNC and laser machines, software and technical assistance dedicated to cutting, engraving and marking applications. FESMO also distributes 3DESIGN in Brazil and Latin America.

More information on www.fesmo.com.br

The 28th edition is planned for May 2010.
